

Water Use Limbo Challenge

1. Get a copy of your water bill and a calculator. **How low can you go?**

Water and Wastewater Service Details

Meter Number W12345678	METER READING DATES Previous 09/03/2012 Present 10/04/2012	Meter Read Type ACTUAL	Days of Service 31	METER READING Previous 473 Present 484	Meter Multiplier 1.00000	Water Consumption 11 K Gals	Wastewater Consumption 5 K Gals	Next Meter Read on or About 11/04/2010
---------------------------	--	---------------------------	-----------------------	--	-----------------------------	--------------------------------	------------------------------------	---

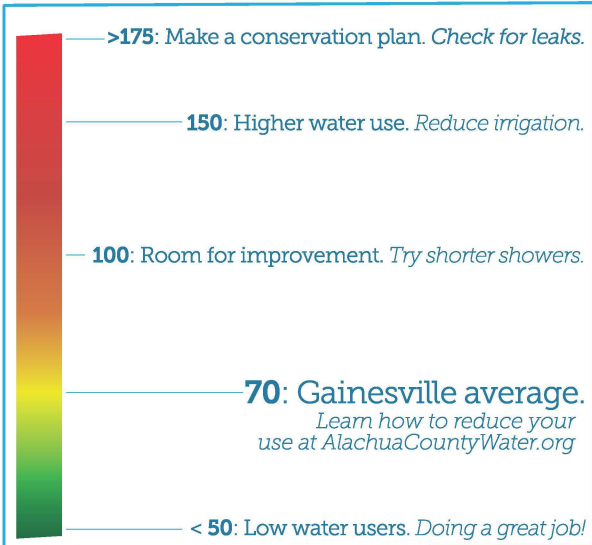

It's all connected

2. Use this formula:

Month	Total Monthly Water Use	# of people in Household	Water used per person per day
EX SEP	(11 K gallons X 33.33)	÷ 4	= 92 gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons
_____	(_____ K gallons X 33.33)	÷ _____	= _____ gallons

3. Compare & reduce your usage.
