Project Progress

- Property Acquisition is required for the connection between SW 8th Ave and SW 61st St. and also required for stormwater treatment and attenuation for the new roadway and construction of amenities along SW 61st St.
- One property acquisition has been completed.
- Coordination with YES! Communities for Right-of-Way is on-going.

Design

- A notice to proceed was issued to HNTB Corporation on March 30, 2009.
- 30% plans were submitted in August 2009.
- Public Works was tasked to complete the property purchases.
- Next BOCC meeting in Spring 2012 with the intersection options.
- **BOCC meeting on 4-24-12, approved to move intersection and sidewalk design to 60% with 2 left turn lanes on 61st Street.**
