| Nassau | 320 | 22,830 | 20 | 5,080 | 28,250 | 417,280 | 7% |

Please Note: Conservation lands include public and some privately owned lands managed for conservation of their natural resources; public lands that are not managed for conservation (e.g., schools and prisons) are not considered conservation lands and are not included in this data set. Conservation lands acreages are tabulated by county from the FNAI FLMA GIS data layer. These totals do not include open water on FLMA boundaries.

Additional acres of managed areas, tracked in FNAI's database with no GIS boundaries, are added for the final total.

FNAI tracks some additional managed areas without definitive acreage-by-county information. Those acreages are not reflected in this table.

Recent acquisitions may not yet be reflected in acreage totals.

County areas are derived from the National Association of Counties.

"State" includes lands managed by state agencies and water management districts.

As of September 2013, FNAI tracks the permanent Wetlands Reserve Program easements held and monitored by the USDA Natural Resources Conservation Service. These acreages are included in the "Federal" column.
